

Outdoor Flower Vase Holder

A quick and easy way to create a flower vase holder for your outdoor dining area.

1 *Materials you'll need:*

- 1 x 4 PVC trim (4 feet) / actual thickness: $\frac{3}{4}$ " actual width: 3-1/2"
- (3) Coca-Cola glass bottles – 8 fl oz.
- Miter saw
- Tape measure
- Pencil and eraser
- 8 screws Grip Rite 1-5/8" stainless steel trim screws
- 2 corner clamps
- Clear PVC cement
- Power drill
- Rafter square
- Clamp
- 1-1/4" hole saw (for the top of the opening of the bottle)

2

2 *Getting started:*

- The first thing you do is bevel cut (that's 45 degrees) the 1x4 PVC trim into two 12" pieces and two 8-1/4" pieces.

3

3 *Cutting:*

- Drill three holes for the opening of the bottles into one of the 12" pieces. Mark the center line of the 1 x 4 x 12" pieces, which is 1-3/4". After that, mark every 3" from the edge.
- Now, use the hole saw to cut three holes were you marked on the 12" trim piece.

4

4 Assemble:

- Once you do that, you're ready to put it all together.
- Start by taking one of the 12" and one of the 8-1/4" trim piece and use the corner clamps to join the pieces together. Use a little PVC cement bond for added measure.
- Next, fasten two stainless steel screws at each joint into the 8-1/4" pieces at 3/4" away from the sides of the trim.

5

5 Success!

- Guess what, that's it! Just add the bottles and of course, don't forget the flowers.
